WOMEN WANT TO HELP

Ask For Representation in Great Lakes-to-Gulf.

New Orleans, La., Sept. 17.—The Woman's National Rivers and Harbor congress, of which Mrs. Hoyle Tomkins, of Shreveport, is president, will ask President K. K. Kavanaugh, president of the Lakes-to-the-Gulf Deep Waterways association, to give the members of the congress a place on the program of the association's convention, which is to be held here next month. A representative of the woman's congress called on officials of the New Orleans Progressive Union today, and was referred to Mr. Kavanaugh. Some of the women of New Orleans have been prone to criticize the committee which, in arranging the Taft trip from St. Louis to New Orleans, barred women from the presidential fleet. The fair ones claim they are being discriminated against. They have as much right to ride on the presidential boat as a man and they threaten to make several different kinds of trouble unless the obnoxious order is rescinded.

It will be a brick building one hundred and eighty feet square and possibly two stories high. Up to this time their storage room has been limited and frequent shipments had to be made to keep the tobacco cleared out of the prize house.

With the new building this lack of space will be remedied and suitable storage room will be in readiness as fast as the tobacco is prized.
